
Samira Noor

Backend Developer

cv-010@example.com | Singapore

PROFILE

Backend Developer focused on accurate day-to-day work and practical process improvement. Comfortable clarifying requests, documenting repeatable steps and handing over clear instructions to colleagues.

SKILLS

Python; Django; SQL; Git; unittest; Docker

EXPERIENCE

Backend Developer | Fern Quay Services
2022-09 to 2026-08

- Developed Django API views for purchase approval limits and approval reassignment, with role checks for finance and operations users.
- Maintained relational models and SQL reports across purchase orders, suppliers and invoice records, including reversible schema changes.
- Worked through Git branches and peer review, and wrote unittest cases for approval routing and invoice total calculations.

SELECTED PROJECT

Operations review: analysed failed approvals with a buyer and added clear validation messages before the next release.

EDUCATION

Diploma in Information Systems, Westhaven Skills College, 2020

CERTIFICATIONS

No professional certifications listed.
