## PROFILE

Integration Developer focused on accurate day-to-day work and practical process improvement. Comfortable clarifying requests, documenting repeatable steps and handing over clear instructions to colleagues.

## SKILLS

Python; REST; SQL Server; Git; pytest

## EXPERIENCE

Integration Developer | Harbour Quay Services  
2024-09 to 2026-08

- Implemented Python REST endpoints to synchronize product details between an order portal and a supplier feed.
- Wrote SQL Server MERGE and SELECT queries and created relational staging tables to validate incoming supplier records.
- Used Git pull requests with the application team and automated regression checks with pytest before each weekly deployment.

## SELECTED PROJECT

Import monitoring: added an exception summary that let the purchasing team correct invalid product codes without developer help.

## EDUCATION

Diploma in Business IT, Eastbank Applied College, 2024
