
Morgan Teo

Web Application Developer

cv-001@example.com | Singapore

SKILLS

JavaScript
Express
PostgreSQL
Git
Jest
AWS

EDUCATION

BSc in Software Systems, Maple
Coast Institute, 2020

CERTIFICATIONS

No professional certifications
listed.

PROFILE

Web Application Developer focused on accurate day-to-day work and practical process improvement. Comfortable clarifying requests, documenting repeatable steps and handing over clear instructions to colleagues.

EXPERIENCE

Juniper Quay Services
2020-05 to 2026-08

- Built Express-based service routes for service tickets and technician scheduling, including permission checks and conflict handling.
- Developed PostgreSQL data models and SQL reporting views for ticket turnaround and parts consumption.
- Maintained a Git review workflow and automated Jest tests for service calculations and schedule conflicts in continuous integration.

SELECTED PROJECT

Deployment project: packaged the service for a managed cloud environment and wrote a recovery runbook for failed releases.
