Frontend Developer

cv-041@example.com | Singapore

PROFILE

Frontend Developer focused on accurate day-to-day work and practical process improvement. Comfortable clarifying requests, documenting repeatable steps and handing over clear instructions to colleagues.

SKILLS

React; TypeScript; SQL; Git; Jest

EXPERIENCE

Frontend Developer | Cobalt Vale Services
2021-09 to 2026-08

- Built React dashboards that called APIs supplied by another team. Backend service implementation was outside my role.
- Wrote SQL queries against a read-only PostgreSQL reporting database to verify customer counts displayed in the interface.
- Collaborated through Git reviews and wrote Jest component tests for form validation and dashboard filtering.

SELECTED PROJECT

Design-system project: standardised accessible form components and documented error states for the product team.

EDUCATION

Diploma in Interactive Media, Seabrook Polytechnic, 2021
