
Alex Lim

Application Engineer

cv-042@example.com | Singapore

SKILLS

TypeScript
Node.js
Express
MySQL
Git
Jest

EDUCATION

BSc in Computing, Seaward
Technical College, 2021

CERTIFICATIONS

No professional certifications
listed.

PROFILE

Application Engineer focused on accurate day-to-day work and practical process improvement. Comfortable clarifying requests, documenting repeatable steps and handing over clear instructions to colleagues.

EXPERIENCE

Cobalt Quay Services
2021-07 to 2026-08

- Implemented TypeScript REST services for appointment booking, capacity limits and cancellation rules for a small service business.
- Created MySQL indexes and schema migrations, and rewrote SQL queries to remove repeated database requests in the booking calendar.
- Reviewed Git merge requests and maintained Jest tests covering double booking, invalid time windows and customer cancellation flows.

SELECTED PROJECT

Release handover: documented rollback steps and trained a support colleague to diagnose failed notification jobs.
